Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner contacted Applicant's Representative to amend claim 1 to incorporate the same language as found in the other independent claims as follows: the image data includes "at least one portion that is" proprietary data and "at least one portion that is" non-proprietary data so as to avoid antecedent basis problem since claim 1 recites "the portions of the image data". Applicant's Representative, Michael Oblon, authorized the Examiner to add the correction mentioned above by Examiner's amendment..
